ADMISSION OF STUDENTS INTO GOVERNMENT TRAINING SCHOOLS IN THE SIXTH CIRCLE, 1912.

The Inspector of Schools, Sixth Circle, hereby notifies for the information of the Assistant Inspectors, the Sub-Assistant Inspectors and the managers of aided schools that candidates of the secondary and elementary grades will be admitted for training in February 1912 to the following Government Training schools under his charge:—

Number.	Name of institution.	Number of stipends available.			Total.	Remarks.
		Secondary.	Elementary, higher.	Elementary, lower.		
1	Government Training School, Tanjore	12	12	25	49	
2	Do. Trichinopoly	..	10	20	30	
3	Do. Cuddalore	..	..	*20	20	
4	Do. Vellupuram	..	8	30	38	

2. The period of training is one year in the case of the students of the secondary and the elementary higher grades and two years in the case of the students of the elementary grade lower. Candidates admitted for training into the Cuddalore school will have to go either to Vellupuram or to some other Tamil Training school in case that school is closed.

3. The Inspector of Schools, Sixth Circle, will make the selection on the recommendations of the subordinate inspecting officers.

4. The Sub-Assistant Inspectors are requested to submit to the Assistant Inspector two lists—one of selected and the other of rejected candidates.

9. The list of selected and rejected candidates should be revised and submitted in a consolidated form by the Assistant Inspectors to the Inspector before the 3rd date. The names of selected candidates should appear in the list in the order in which the subordinate inspecting officers wish they should be taken, *i.e.*, they should be selected in reference to their general education attainments, their service as teachers, the need for their training and the nature of their appointment and the school from which they apply for training. Candidates who do not satisfy the condition of age limit under rule 114 of the Madras Educational rules should not, except in very special circumstances, be included in the list and the selection should be regulated as far as possible by rule 113. In the case of rejected candidates, the reasons for rejection should be mentioned against each.

6. To provide for the contingency of some of the candidates selected not joining the training school, a few more than the sanctioned number will be selected by the Inspector of Schools from each range. All selected candidates who present themselves at the training schools on the opening day will be admitted; those who present themselves later will be admitted in the order in which they present themselves but only up to the number of sanctioned vacancies.

7. The list should include no one who has not been a teacher before or concerning whom there is a doubt whether he really intends to make teaching his profession.

8. In the selection of candidates for training next year, those who are awarded stipends this year but were refused admission on account of their not appearing in time might have a first claim for admission.

9. In addition to provincial stipendiaries, candidates whose stipends are paid by local or municipal boards will be admitted for training as also private candidates as free students.

10. As regards qualification for admission only those candidates who have passed the annual examination of the third form or seventh standard and have been found fit for promotion to the fourth form or have been awarded an elementary school leaving certificate of the seventh standard are eligible for admission in the elementary higher class and only those who have passed the late Primary examination or a corresponding public or school examination or whose attainments in the opinion of the Inspecting officers are not lower than those are eligible for admission into the elementary lower class. Persons holding such secondary school leaving certificates signed by the Secretary to the Board for the award of such certificates as are accepted by the Inspector may also be selected. Preference should be given, as much as possible, to candidates whose educational attainments are above these minimum requirements. The certificate of general education should be sent in original with the application. The certificate of physical fitness need be produced only by the candidates chosen as stipendiaries. Separate conduct certificates need not be submitted by candidates whose applications are signed by an Inspecting officer.

11. In cases in which the number of candidates applying for training is in excess of the number for whom there is provision, the selection should be made as the result of an entrance examination conducted by the Sub-Assistant Inspector of Schools.

12. Printed forms of applications can be obtained by the correspondents of secondary schools from the Inspector of Schools and all others should apply to Sub-Assistant Inspectors of Schools of their ranges. No notice will be taken of the requisitions for application forms sent to this office other than by the correspondents of secondary schools.

13. Applications completed in accordance with the above instructions should reach the Inspector before the 15th December 1911.

14. Admission into Training schools for masters under private management will be regulated by rules 2, 10 and 11 in addition to those contained in chapter X of the Madras Educational rules.
